

TECHNICAL SKILLS

Languages:	Python, C++, Java, C#, R, TypeScript
Backend & Integration:	REST APIs, GraphQL, Node.js, Authentication & Access Control, Unit Testing
Database Management:	SQL, PostgreSQL, Supabase, DynamoDB, Relational Database Design
Cloud & Deployment:	AWS, Vercel, Docker
Tools:	GitHub, NumPy, pandas, CUDA

TECHNICAL PROJECTS

EventConnect	Web Application
Svelte, TypeScript, PostgreSQL, Supabase, GitHub	
• Led relational database design including table structure, primary/foreign keys, and multi-role access relationships • Developed SQL queries to support event, venue, and ticket workflows • Integrated API communication for secure data handling • Built Venue Administrator interface functionality	
Portfolio Website	Web Application
React, Node.js, AWS Amplify, DynamoDB, GraphQL	
• Developed and deployed full-stack website hosted on AWS • Integrated DynamoDB and GraphQL for structured data storage • Configured automated deployment via GitHub and Amplify	
CEP Optimization	R Package
R, C++, CUDA	
• Refactored legacy codebase for clarity and maintainability • Implemented C++ multithreading optimizations resulting in 70% speed improvement through benchmarking • Created detailed developer documentation to ensure reproducibility and ease of future extension.	

EXPERIENCE

Operations Center Technician	Sep 2025 - Present
Sabey Data Centers	
Quincy, WA	
• Support mission-critical infrastructure operations in high-uptime data center environment • Manage system permissions and structured ticketing workflows • Produce weekly operational reports tracking performance metrics • Collaborate with internal teams and customers to diagnose issues, communicate status updates, and implement solutions efficiently.	
Data Center Technician (Contract w/ Microsoft)	Jul 2025 - Aug 2025
TEKSystems	
Quincy, WA	
• Deployed and maintained data center infrastructure including server and network devices • Conducted quality control to ensure adherence to enterprise standards	
Residence Life Professional (Resident Assistant)	Aug 2023 - Jun 2024
Central Washington University	
Ellensburg, WA	
• Facilitated communication and issue resolution within structured residential environment • Communicated policies and procedures clearly • Responded to and efficiently handled emergency situations.	

EDUCATION

B.S. in Computer Science, Magna Cum Laude	Central Washington University
GPA 3.78	Mar 2025
